Reasons for Submission

If you are making a submission only on parts of an application for Notices of Requirement and Resource Consents, please note which part when specifying the reasons for your submission.

The reasons for my / our submission are:

We are an organisation representing the Pauatahanui community, a community significantly affected by the Transmission Gully proposal and its effects on the environment. Our position is that we Support in Part the current proposals.

However we do have concerns over some of the potential for adverse effects with particular reference to the sections of Transmission Gully within Porirua City. We make particular reference to the potential for adverse effects

- on the Horokiri Stream
- on the Ration Stream
- on the Pauatahanui Stream
- on Duck Creek
- on the Pauatahanui Inlet
- on Lanes Flat
- of the interchange with SH58
- of the main site compound and concrete batching works to be sited at the intersection with SH58

Our submission therefore refers to

Porirua City Council

We would therefore like to remain an interested party and to reserve our position to be informed of, and able to comment on, any proposed changes to the required consents that emerge from this submission process.

PRA also supports the submission made by the Pautahanui Inlet Community Trust (PICT).

I / we seek the following decision from the board of inquiry (provide precise details including the general nature of any conditions or changes sought):

PRA seeks that, in the granting of consents, full consideration is given to the potential adverse effects and that, where these exist, avoidance and mitigation requirements are strengthened to ensure that any adverse effects are minimised or removed.
